

Employers Slip/Trip/Fall

PREVENTION CHECKLIST

- Review the terms of our Snow Removal contract with the provider.
- Is snow removal completed prior to the start/end of a shift? Do they spread salt/sand?
- Do we have buckets of sand located at each of the doorways?
- Does maintenance have a schedule/system in place for dealing with the intermittent snow fall during the course of the day/night?
- Have we repaired problem areas from last year that may have prevented proper run off/drainage?
- Do we have benches at all of the doorways so that people can change out of their wet winter shoes into dry work shoes?
- Have we blocked off potential “short cut” walking routes that may not be properly maintained?
- Have we reviewed our contract with our rug suppliers? Do we have sufficient and frequent rotation of rugs at ALL DOORWAYS?
- Do we provide/encourage the use of proper footwear for employees who frequently travel or work outside?
- Have we replaced all of the burned out bulbs at entrances and in the parking lot lighting?
- Could we develop an incentive/reward program for a season free of slip and fall injuries?
- Do we have adequate signage, floor cleaning equipment, and snow removal equipment located next to all doorways?
- Have we trained employees to increase awareness and developed a salt log to monitor/document regular snow removal efforts?
